

We can't wait to meet you and find out about your family.

It was great to meet you and your family!

Don't forget to talk with the relative you picked.

See you for our first group next week!

See you next week!

Your family tree showed us a lot about your family's heritage.

Remember to write in your diary during the week.

Water your family garden and we will see you next week!

Routines are great! They make things work better.

Hope your job chart is filling up with stars. If you haven't yet, remember to watch your kids.

good work even
though it is hard.
